

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, listings, of claims in the application:

Listing of Claims:

1. - 5. (Canceled)
6. (New) A radiator module with sterilizing device comprising:
 - (a) a pedestal for installation on a side of an electronic product, the pedestal having a first portion defining an oblique planar surface and a second portion;
 - (b) at least one fan mounted on the second portion of the pedestal for blowing air into and drawing air out of the electronic product to dissipate heat generated by the product; and
 - (c) a sterilizing device mounted on the oblique planar surface of the pedestal for sterilizing the air blown into and drawn from the electronic product by the at least one fan.
7. (New) The radiator module of claim 6, wherein the pedestal includes two fans.
8. (New) The radiator module of claim 6, wherein the electronic product is a computer.
9. (New) The radiator module of claim 6, wherein the sterilizing device is an ultraviolet lamp.
10. (New) The radiator module of claim 6, further including a coupling device for securing the pedestal on the side of the electronic product.
